

AAESPH Review
Index to Titles and Authors
Volume 3, 1978, Numbers 1 to 4
March, 1978 to December, 1978

- Acceleration of object permanence with severely and profoundly retarded children. J. V. Kahn. (1), 15-22.
- Allen, K. E. Early intervention for young severely and profoundly handicapped children: The preschool imperative. (1), 30-41.
- Analysis of the effectiveness of a preservice workshop for educators of severely handicapped young students. J. Filler, A. Hecimovic, & S. Blue. (3), 173-177.
- Banerdt, B., & Bricker, D.* A training program for selected self-feeding skills for the motorically impaired. (4), 222-229.
- Behavioral training by paraprofessionals for families of developmentally disabled children. M. B. Mendelsohn. (4), 216-221.
- Berry, G. See Wehman, P.
- Billingsley, F. F., & Neafsey, S. S. Curriculum/training guides: A survey of content and evaluation procedures. (1), 42-57.
- Blue, S. See Filler, J.
- Bricker, D. See Banerdt, B.
- Brown, K. M. See Reid, D. H.
- Case studies in the management of inappropriate behaviors during prevocational training. D. E. Mithaug. (3), 132-144.
- Case study in training generalized instruction-following responses to preposition-noun combinations in a severely retarded young adult. D. E. Mithaug. (4), 230-245.
- Christian, J. G. See Whitman, T. L.
- Curriculum/training guides: A survey of content and evaluation procedures. F. F. Billingsley & S. S. Neafsey. (1), 42-57.
- Curtis, W. S. See Diebold, M. H.
- Developing a leisure skill repertoire in severely and profoundly handicapped persons. P. Wehman, A. Renzaglia, G. Berry, R. Schutz, & O. Karan. (3), 162-172.
- Development and implementation of self-care programs with severely and profoundly handicapped children. C. Wambold and C. (Hopper) Salisbury. (3), 178-184.
- Development of procedures to assess prevocational competencies of severely handicapped young adults. D. E. Mithaug & Lee D. Hagmeier. (2), 94-115.
- Diebold, M. H., Curtis, W. S., & DuBose, R. F. Relationships between psychometric and observational measures of performance in low-functioning children. (2), 123-128.
- Direct and generalized reduction of inappropriate behavior in a severely retarded child through a parent-administered behavior modification program. T. L. Whitman, J. D. Hurley, M. R. Johnson, & J. G. Christian. (2), 66-77.
- DuBose, R. F. See Diebold, M. H.
- Early intervention for young severely and profoundly handicapped children: The preschool imperative. K. E. Allen. (1), 30-41.
- Effects of complexity, time and feedback upon experimenter calculation errors. F. R. Rusch, C. R. Greenwood, & H. M. Walker. (3), 185-195.
- Filler, J., Blue, S., & Hecimovic, A. An analysis of the effectiveness of a preservice workshop for educators of severely handicapped young students. (3), 173-177.
- Fowler, Susan A., Johnson, M. R., Whitman, T. L., & Zukotynski, G. Teaching a parent in the home to train self-help skills and increase compliance in her profoundly retarded adult daughter. (3), 151-161.
- Functional curriculum sequencing model for teaching the severely handicapped. D. Guess, R. D. Horner, B. Utley, J. Holvoet, D. Maxon, D. Tucker, & S. Warren. (4), 202-215.
- Greenwood, C. R. See Rusch, F. R.
- Guess, D., Holvoet, J., Horner, R., Maxon, D., Tucker, D., Utley, B., & Warren, S. A functional curriculum sequencing model for teaching the severely handicapped, 3, (4), 202-215.
- Guess, D. See Janssen, C.
- Hagmeier, L. D. See Mithaug, D. E.
- Hecimovic, A. See Filler, J.
- Holvoet, J. See Guess, D.
- Horner, R. See Guess, D.
- Hurley, J. D. See Whitman, T. L.
- Increasing leisure activity of physically disabled retarded persons through modifying resource availability. D. H. Reid, B. S. Willis, P. H. Jarman, & K. M. Brown. (2), 78-93.

- ISAARE: A description. J. F. Melichar. (4), 259-268.
- Janssen, C., & Guess, D. Use of function as a consequence in training receptive labeling to severely and profoundly retarded individuals. (4), 246-258.
- Jarman, P. H. See Reid, D. H.
- Johnson, J. L. Programming for early motor responses within the classroom. (1), 4-14.
- Johnson, J. L., & Mithaug, D. E. A replication survey of sheltered workshop entry requirements. (2), 116-122.
- Johnson, M. R. See Fowler, S. A.
- Johnson, M. R. See Whitman, T. L.
- Kahn, J. V. Acceleration of object permanence with severely and profoundly retarded children. (1), 15-22.
- Karan, O. See Wehman, P.
- Maxon, D. See Guess, D.
- Melichar, J. F. ISAARE: A description. (4), 259-268.
- Mendelsohn, M. B. Behavioral training by paraprofessionals for families of developmentally disabled children. (4), 216-221.
- Mithaug, D. E. Case studies in the management of inappropriate behaviors during prevocational training. (3), 132-144.
- Mithaug, D. E. Case study in training generalized instruction-following responses to preposition-noun combinations in a severely retarded young adult. (4), 230-245.
- Mithaug, D. E. See Johnson, J. L.
- Mithaug, D. E., & Hagmeier, L. D. The development of procedures to assess prevocational competencies of severely handicapped young adults. (2), 94-115.
- Modification of rumination in a severely emotionally disturbed child through an overcorrection procedure. R. L. Simpson & G. M. Sasso. (3), 145-150.
- Neafsey, S. S. See Billingsley, F. F.
- Programming for early motor responses within the classroom. J. L. Johnson. (1), 4-14.
- Reid, D. H., Brown, K. M., Jarman, P. H., & Willis, B. S. Increasing leisure activity of physically disabled retarded persons through modifying resource availability. (2), 78-93.
- Relationships between psychometric and observational measures of performance in low-functioning children. M. H. Diebold, W. S. Curtis, & R. F. DuBose. (2), 123-128.
- Renzaglia, A. See Wehman, P.
- Replication of sheltered workshop entry requirements. J. L. Johnson & D. Mithaug. (2), 116-122.
- Rusch, F. R., Greenwood, C. R., & Walker, H. M. The effects of complexity, time, and feedback upon experimenter calculation errors. (3), 185-195.
- Salisbury, C. (Hopper). See Wambold, C.
- Sasso, G. M. See Simpson, R. L.
- Schutz, R. See Wehman, P.
- Self-stimulatory behavior as a basis for devising reinforcers, M. R. Wolery. (1), 23-29.
- Simpson, R. L., & Sasso, G. M. The modification of rumination in a severely emotionally disturbed child through an overcorrection procedure. (3), 145-150.
- Teaching a parent in the home to train self-help skills and increase compliance in her profoundly retarded adult daughter. S. A. Fowler, M. R. Johnson, T. L. Whitman, & G. Zukotynski. (3), 151-161.
- A training program for selected self-feeding skills for the motorically impaired. B. Banerdt & D. Bricker. (4), 222-229.
- Tucker, D. See Guess, D.
- Use of function as a consequence in training receptive labeling to severely and profoundly retarded individuals. C. Janssen & D. Guess. (4), 246-258.
- Utley, B. See Guess, D.
- Walker, H. M. See Rusch, F. R.
- Wambold, C. & Salisbury, C. (Hopper). The development and implementation of self-care programs with severely and profoundly handicapped children. (3), 178-184.
- Warren, S. See Guess, D.
- Wehman, P., Berry, G., Karan, O., Renzaglia, A., & Schutz, R. Developing a leisure skill repertoire in severely and profoundly handicapped persons. (3), 162-172.
- Whitman, T. L., Christian, J. G., Hurley, J. D., & Johnson, M. R. Direct and generalized reduction of inappropriate behavior in a severely retarded child through a parent-administered behavior modification program. (2), 66-77.
- Whitman, T. L. See Fowler, S. A.
- Willis, B. S. See Reid, D. H.
- Wolery, M. R. Self-stimulatory behavior as a basis for devising reinforcers. (1), 23-29.
- Zukotynski, G. See Fowler, S. A.
